

Okay here is the Downey church email my friend forwarded to me. I don't want it connected to me or my over religious friend. I cut her and my identification out of the print before making this fax copy. What I received was not signed but my friend says she gets regular angel alerts mostly just for prayers or donations.

Angels' call to action

If each angel just printed this and gave it to 10 friends we could reach over 3000 voters.

In Edina, the only candidate for state house can be our own Keith Downey, a good Christian. He is the only one who believes in life. If a candidate does not believe in life it does not matter what other good ideas he has or good works he does, he is a murderer God's eyes. One of the most important commandments. We can not allow our government to be run by murderers.

The new candidate, Kevin Staunton, belongs to a group that even wants the public to get free abortions. It is depraved for anyone to be able to go to a free government clinic to have their baby killed because they don't want it. What is next for him, getting rid of grandma when her care takes too much work? God did not make exception for abortion or euthanasia.

Our old standby representative, Ron Erhardt may have done well for us. You need to know he is "prochoice" although he places some limits on baby killing. Erhardt takes money from abortion groups. We don't understand how Keith Downey and Ron Erhardt can belong to the same church and have one of them go so wrong. You can pray for Erhardt but God's law says you must vote for Downey.
